Thank you so much, Ms. Bermudez & Mr. Russell. I'm a longterm tenant here in Ardmore, not a property manager & my kids & I walked last week to go to the train station & we were so scared to pass by the tents bec. what if they're addicts & drunk & just suddenly hit us as we walk near the train station? In fact, our previous elderly Korean landlord named Wang Choe last year was killed by an unknown assailant at night here at the basement carpark of our apartment here in Ardmore that was never found. He was in coma for so many months til he died. His wife Jini Choe has moved to a different apartment already so we have no idea if the case was ever solved bec. there was yelling on the night he was hit on the head. It could be those homeless burglars that enters apartment complex carpark. So many people also pass by that corner to reach the train station like nursing students that live near this street, etc.

Kind regards,
Jella

Hi Mike and Jella,

Long time no see Mike, I need to stop by to say hello.

Trust me when I say that Cirrito and I are aware of what's going on but as you know we need to get sanitation to come out three times at least to be able to break up the encampment.

What I am concern about is the possible criminal activity involving these individuals. They are the group that was at Kingsley between 6th and Wilshire a few months ago. I think they are responsible for bicycle thefts in the area and possible burglaries from motor vehicles.

Cirrito is back to 20SL45 so we will be working together to tackle this encampment and many others in the area. Know that we are aware and working on a solution along with Sanitation and the now bureau wide Homeless Unit.

Again, thank you for getting involved,

Officer Lucy Bermudez

Good morning SLO Cirrito & SLO Bermudez,

I wanted to forward you the email below from a property manager about the encampments near 6th & Ardmore.

Thank you,
Mike Russell

Hi. I noticed recently that homeless people have put up tents on the corner of Ardmore Ave. & 6th St. It used to have only one or two tents but now it has added another one & some bikes. My kids are now scared to walk in the area because of the homeless people especially if it's dark. Sometimes at nights, there's even yelling on that corner where the homeless are.

Is there a way you can do something about it as soon as possible & relocate them? This is a business & residential district & they are not supposed to set up camp in a busy intersection like that. I will also alert the media asap regarding this matter so they can put a spotlight on this issue.

Sincerely,
Jella Naguimbing
